

# REMEMBERING RAJIVJI

The nation pays tribute to Bharat Ratna Shri Rajiv Gandhi  
on his birth anniversary on 20th August

We have to develop our own environment,

Our own methodologies, equipment suited to our own  
country and our own needs.

This requires translation of developed sciences in other  
countries to our own needs.

We have to go to the frontiers of science to benefit our  
people, yet that must be translated into what is socially  
meaningful, what is socially relevant, what can reach out  
to the millions of our people.
